

# pest management

Management Target: No increase in the number of species or extent of pest weeds or animals above current levels and a reduction in the impact of pest species.

## ■ Work Undertaken

Control of African Boxthorn will be undertaken on 840 hectares in Cobar Shire and around the villages of Barrington, Yantabulla, Ford's Bridge, Enngonia, Wanaaring, Byrock and Louth

## ■ Benefits

- Controlling the declared noxious weed
- Reducing its potential to affect large areas
- Reducing its potential to affect grazing lands and productivity
- Ensuring access to dams and water-holes

## ■ Investment

\$27,450 with local councils, corporate bodies and individuals

## ■ Funding Year: 2005

Improvements funded in 2005-06

*Cobar Shire Council Noxious Weeds Officer, Scott Hosking, with African Boxthorn to be sprayed.*

This project was funded through the Western CMA's incentive program, which is supported by the NSW and Australian Governments
