

# water quality

Management Target: Water Quality and salinity levels meeting ANZECC drinking water and recreational use criteria for greater than 95% of the time at key town use sites by 2016.

## ■ Work Undertaken

Doug Caley of Bangate Station near Lightning Ridge will fence 13km of the Narran River.

## ■ Benefits:

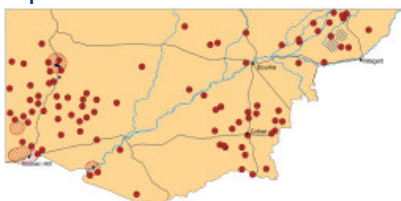

- Protecting 800 hectares of riverbank vegetation
- Creating a vegetation corridor of 100-300 metres wide
- Controlling stock movement around the river
- Encouraging groundcover
- Reducing soil erosion
- Reducing silting in the river
- Increasing soil stability
- Improving soil health
- Improving water quality

## ■ Other works:

Control of Tiger Pear weed on 60 hectares of the property

## ■ Funding Year: 2006

Improvements funded in 2005-06

This project was funded through the Western CMA's incentive program, which is supported by the NSW and Australian Governments
